

# Managing Partner Forum

SOUTHREN  
ACADEMY

Where Lawyers Come To Learn.

## Lead With Confidence. Connect With Purpose. Grow With Intention.

The **Managing Partner Forum** is more than a professional group—it's a transformative experience designed to support those leading law firms in navigating the complexities of leadership while staying grounded in what matters most. This program offers high-impact conversation, individualized support, and collaborative growth in a format that's practical and energizing.

### Why Join?

Participants consistently highlight the unique benefits they gain, including:

#### **Building Lasting Connections:**

Forge deep, meaningful relationships with peers who understand the challenges and rewards of law firm leadership.

#### **Gaining Game-Changing Insights:**

Walk away from each session with fresh perspectives, actionable strategies, and practical tools to enhance your leadership.

#### **Receiving Unparalleled Support:**

Join a trusted circle where members encourage, challenge, and champion one another through shared experiences.

#### **Engaging in Authentic, Impactful Discussions:**

Experience the value of a collaborative space where meaningful conversations lead to real-world solutions and inspiration.

### How the Forum Works ::

#### **Monthly Sessions:**

One two-hour session per month over the course of a year. Each meeting is held in person in a private setting, with refreshments provided. The environment is designed to foster candid conversations, collaboration, and clarity.

#### **Quarterly Themes, Participant-Driven:**

While topics are generated by the group, each quarter we align around a shared theme. Each session then dives into one dimension of that theme, guided by substantive content and curated resources to stimulate discussion and provide tangible takeaways.

#### **Flexible, Facilitated Format:**

Sessions combine structured insight with open space for sharing. Even when a topic is planned, we ensure ample room for timely issues and spontaneous peer support.

#### **Between Sessions:**

Members stay connected via a group chat for quick questions, resource sharing, and mutual support.

#### **Access to Coaches:**

Participants have access to the Forum's facilitator and SGI leadership coaches between sessions for individual guidance and check-ins.

### Shape the Conversation. Shape the Future.

This isn't a one-size-fits-all program. Each group has its own ethos and vibe, and the members navigate its journey. Your input shapes each session, ensuring the group remains relevant, responsive, and dynamic along that journey. Together, we'll co-create a space for reflection, growth, and meaningful leadership development.

### Program Fee:

\$4,500 per participant. This includes all sessions, curated content and resources, refreshments, peer support, and access to leadership coaches between sessions.
